

## OFFICE MANAGER

# JILLIAN PIECHOCINSKI

### Office Manager

Riezman Berger

As someone who has run five half-marathons and hiked the Grand Canyon rim-to-rim, Jillian Piechocinski is no stranger to challenges. Fortunately, that can-do attitude serves her well at her firm where she addresses issues ranging from IT problems and facilities concerns to human resources matters and purchasing necessities.

But, even if the Tottenham College graduate wears a lot of hats, Piechocinski knows that her most important role is ensuring smooth operation of the office by providing attorneys and professional staff alike with the tools and manpower they need to do their jobs.

### What is the best part of your job?

I strive to make people feel special and appreciated. Two-thirds of our employees have been part of our dynamic firm for well over 10 years. Our law firm is celebrating 50 years of providing legal services to the St. Louis region. I am proud to be a part of it.
